The United States Air Force Medical Service (AFMS) consists of the five distinct medical corps of the Air Force and enlisted medical technicians. The AFMS was created in 1949 after the newly independent Air Force's first Surgeon General, Maj. General Malcolm C. Grow (1887-1960), convinced the United States Army and President Harry

S. Truman that the Air Force needed its own medical service.

Abstract. Objective To conduct a systematic review of the factors predicting anticipatory distress to painful medical procedures in children. Methods A systematic search was conducted to identify studies with factors related to anticipatory distress to painful medical procedures in children aged 0-18 years. The search retrieved 7,088 articles to review against inclusion criteria.
